

Problem 4 - Web Agency Landing Page

Create a Web site (HTML5 + CSS3 + images) that looks and behaves like the screenshots below:

The landing page features a dark purple header with the logo "Pink Point" and navigation links for "SEO", "WEB", "SOCIAL MEDIA", and "PORTFOLIO". Below the header is a large, semi-transparent background image of two people working at a desk. The main headline reads "WE ARE EXPERTS IN Search engine optimization, Website design & Social media." Below the headline are two sections: "PORTFOLIO" (with a document icon) and "RESULTS" (with a monitor icon). Both sections contain brief descriptions.

Pink Point

SEO WEB SOCIAL MEDIA PORTFOLIO

WE ARE EXPERTS IN

**Search engine optimization,
Website design & Social media.**

PORTFOLIO

Clean, engaging, user focused websites converts visitors into customers. See the Pink Point difference here.

* The hand cursors in the screenshots show what happens when the mouse moves over certain elements.

Input

You are given the above screenshots + the texts on the site + the images.

Output

The output should be valid HTML5 + CSS3 + images that implement the above Web site.

Constraints

- Fonts:
 - The two fonts used are Open Sans and Kreon - @import url('https://fonts.googleapis.com/css?family=Kreon:400,700|Open+Sans:400,700');
 - Body text: 14px 'Open Sans', sans-serif
 - Logo text: Kreon, 32px
- The site should open correctly in the latest version of Chrome.
- Responsive design is not required.
- Pixel-perfect implementation is not required.
